### SALE OF LOTS.

One week ago we commenced the sale of building lots in Northeast Raleigh, on the monthly payment plan, or allowing the purchaser to pay one-tourth the price cash and carry the balance aslong as forty years at 6 per cent.

This proposition astonished the natives, and when they saw the lots and prices they were still more astonished. The result was that we sold more building lots last week than were ever sold in Raleigh Careful attention given to the Invest- in the same length of time. More are going to be sold this week. There were only ninety-five of them—they will be all gone in a few days more. The purchasers are among the best people of Raleigh. We are not selling to any but good people. All white. If you would like to see these lots, let us know, and we will wait on you instanter. Don't look at them unless you want to buy; for you cen't help it when are offered.

Read the Thirty-Three Years Experience Of a Distinguished and Honorable North Carolinian.

LOUISBURG, N. C., March 3, 1891. MR. JOHN C. DREWRY, State Agent, Raleigh, N. C .:

DEAR Sir: -I hold a policy in the Mutual Benefit Life insurance Company, of Newark, N. J., which was taken out on my life May 22d, 1858, and continued until the breaking out of the war, on account of which I had to discontinue payment of premiums. After the close of the war the company liberally reinstated the policy on the original terms, and have since, on more than one occasi r, advanced me money, on account of the policy, to pay the premiums when it was inconvenient for me to pay. I have great confidence in the abilty and mmanagement of the com-pany, and with the present lights before me, I would not be willing to exchange it for any other. I will state further that after the first few years of insurance my policy h .s annually drawn large dividends, my renewal notice for 1891, showing a dividend of 52½ per cent., leaving only \$56.05 to pay on premium of \$118.00. It gives me pleasure, after thirty-three years experience in this company, to say that I am well pleased with it, and have never yet known a company that I thought its equal. Yours traly, THOS. WHITE.

The dividends on the above policy have averaged during the last 33 years over 45 per cent., and Mr. White's insurance has only cost him during that time \$12.76 per The Mutual benefit is one of the cldest,
